

Work Programme 2023

What's in it for researchers?

**Over
€480 million**

in funding for trans-national consortia (minimum 3 partners) to

- + develop (EIC Pathfinder €343 million) and
- + commercialise (EIC Transition €128.36 million) breakthrough technologies.

Grants

- + **Pathfinder** grants of up to €4 million to support early stage development of future technologies.
- + **Transition** grants up to €2.5 million to turn research results into innovation opportunities.
- + €50 000 booster grants to commercialise results and collaborate with other projects.

Interact with expert EIC Programme Managers and a community of Pathfinder projects, to **accelerate** research and **discover** innovation pathways.

Access leading advice and support to assess the innovation potential of research results.
